WHAT MAKES IT SANTORINI

Whitewash on every surface, Aegean blue on every opening,
one blue dome on the skyline over the stair, blue jail on the
boundary wall, magenta bougainvillea on corners and pergola.

THE PHOTO MOMENTS

An acrylic window in the pool wall faces the lawn; festoon
lights under the cane pergola; the blue dome behind the couple.

CHANGED FROM R1

Deck is 98'-2", not 106'-8"; R1 put the building on the road line,
but the A-02 entrance steps need 6'-0" in front. Kitchen 24'-11" deep.
